

## 19th CENTURY REPRODUCTIONS, REPRINTS AND SPECIAL PRINTINGS

This set of album pages provides spaces for every reproduction, reprint and special printing stamp produced by the United States during the 19th Century, excluding newspapers and periodicals.

Pages 11-21 are for all the Official special printings bearing the "SPECIMEN" overprint. Pages 22-23 are for just the one cent denominations: they are vastly more common than the other denominations and are a much less daunting task to complete.

Scott Publishing Company will not give or sell me a license to use their catalog numbers; thus, you find no Scott numbers in the spaces. But it's a simple matter for you to pencil Scott numbers in the spaces if you want.

I designed these album pages to accommodate bottom-sealed mounts; thus, the sizes are more spacious than what one usually finds. Obviously, you will want to adjust your Adobe Acrobat Reader so that it prints the pages full size. To check calibration of your Adobe Acrobat Reader and printer, the line at the bottom of this page is exactly 100 millimeters long. These pages are 8½ x 11 inches. I do not intend to produce free album pages in European or other sizes.

These pages are designed to slip into page protectors, but I provided enough room at the left if you want to punch them for a standard three-ring binder. I encourage you to print these out on card stock, if your printer can handle it. One example is Wausau Papers Bright White Acid-Free 65 pound Card Stock, which is available at most national chain office supply stores and is quite inexpensive.

**WHY FREE ALBUM PAGES?** I have two reasons for making these pages available for free:

1) I hope you will peruse my listings for stamps to inhabit the spaces. So I've included my domain name at the foot of every page in unobtrusively tiny type.

2) I will typeset album pages to your specifications in this identical format. I charge \$25.00 per hour with a minimum charge of \$15.00 per order. It takes me between 15 minutes and an hour to do a page, less if I have a batch of pages to do all at once. For examples, it took me about 15 minutes to lay out the 1847 page and 30 minutes to lay out the 1894 regular issue page. Pages for covers take 10 to 30 minutes, depending on how many covers you want on the page and the amount of verbiage below the covers.
